

Fixed Asset Inventory Services

As businesses grow, tracking assets is usually not a top priority or core competency. Improper accounting of assets can lead to increased taxation, higher licensing fees and elevated capital expenses. WIS International helps businesses identify and organise assets across multiple locations to reduce expenses and improve returns. WIS International can provide a comprehensive account of all assets across multiple locations.

Benefits for your business

Accuracy – Accuracy is the cornerstone of WIS International’s inventory services. A count process tailored to your individual requirements, specially designed data collection equipment, and experienced, trained inventory specialists.

Bar-Coding – WIS International’s bar-coding services can help maintain accurate accounting and tracking of assets on an on-going basis.

Direct Employees – WIS International hires, trains and deploys direct employees for client projects. This allows for full management control and ensures consistent quality.

Hassle Free Service – Our managers supervise the entire inventory count, ensuring standard procedures are followed and that your needs are met.

Independent Verification – You’ll have the confidence that comes from an unbiased, independent third-party count.

Solutions – Are you looking to improve your inventory process or get better information to manage your business? Draw upon WIS International’s 60+ years of experience working with industry leaders to create solutions for your business.

WIS International also provide the following services

- Retail Inventory Services
- Partner System Rental Inventory Services
- Retail Support Services
- Warehouse & Distribution Inventory Services
