

How we are making the new "Normal" work for our colleagues and customers.

The New "Normal" Delivering Stocktaking in a COVID-19 World

COVID-19 has impacted every avenue of our daily lives, both at home and at work.

At WIS International our priority is to ensure the safety of our colleagues and our customers, each day. Only by adopting the best of practices can we continue to support our clients with world class stocktaking services.

Since the emergence of this pandemic we have taken steps to ensure the health and safety of all we encounter.

We have continued to work in our customers stores throughout this period of unprecedented change, supporting essential retailers around the clock; replenishing, picking and stock taking so that their customers can shop both online and instore for their essentials with confidence.

As we move into the next stages of this pandemic it is important that we maintain our vigilance throughout our business.

We remain open for business from both existing and new customers.

Contact us on 01904 795550 to find out more about how we can help your business in these changing times.

What Steps Have We Taken?

Our methods of working, at all key points have been reviewed, evaluated and action plans, method statements and dynamic risk assessments have been created to support.

Training and guidance has been given to all our colleagues on best practice to ensure they stay as safe as possible.

We have considered all aspects including –

Equipment –

- All equipment is cleansed before and after each use.

Hotels –

- Hotel rooms will only be used in line with social distancing and cleansing guidelines.

Lateral Flow Testing –

- LFT kits are provided for use by our crew.

Masks –

- The wearing of masks is mandatory.

Social Distancing –

- Wherever possible all colleagues will maintain guideline social distancing.

Staff Breaks –

- Breaks will be staggered to support social distancing guidelines.

Team Briefings –

- Constant reinforcement at each Team Brief before every shift of the expected behaviours of all colleagues.

Vehicles –

- Deep cleaned before and after use
- Mandatory use of face masks
- Hand sanitizer available.
